

I had the pleasure of booking "Driver Don" for a trip to Sydney. I had a late flight out and into Sydney and none of the shuttles would do it.

I found Don's card and phoned and arranged for him to take me.

What an absolutely professional and pleasurable experience it was. I doubt I would ever bother with a shuttle again. He is an exceptionally safe driver and I knew my car would be in good hands.

It was like getting a lift with an old friend.

Thanks Don, I'm happy to recommend you at anytime.

Kind Regards

Narelle
